

BUREAU OF INDIAN STANDARDS

Program of Work

ETD 20 : Electrical Installation

Scope: To prepare standards for safety and related matters in designing, erection and maintenance of electrical installations from the point of view of safety and good practice that would, amongst other things, promote compatibility between such standards and those concerning the equipment installed. The work includes electrical installations in buildings for different occupancies and outdoor sites of temporary or permanent nature and also installations in the ships.

Liaison: **IEC TC-18 (O):** *Electrical installations of ships and of mobile and fixed offshore units* **IEC TC-18 SC-18A (O):** *Electric cables for ships and mobile and fixed offshore units* **IEC TC-64 (P):** *Electrical installations and protection against electric shock* **IEC TC-73 (O):** *Short-circuit currents* **IEC TC-81 (P):** *Lightning protection* **IEC TC-81 (P):** *Application Guide of IEC 62305-3, Ed.3* **IEC TC-64 (P):** *Residential electrical installation in direct current not intended to be connected to Public Distribution Network*
