BUREAU OF INDIAN STANDARDS

Program of Work

ETD 52 : Electrical Energy Storage Systems

Scope:

1) Standardization in the field of grid integrated Electrical Energy Storage Systems. a) The Sectional Committee to focus on system aspects on EES Systems rather than energy storage devices and shall prepare Indian Standards dealing with the system aspects of electrical energy storage. 2) EES to include any type of grid-connected energy storages, which can both store electrical energy from a grid or any other source and provide electrical energy to a grid. a) The Sectional Committee to include Chemical ES as one of the ESS. b) Thermal storage to be included in the scope, only from the electricity exchange point of view. c) Unidirectional energy storages such as UPS not to be included in the scope of the sectional Committee.

Liaison: **IEC TC-120 (P):** Electrical Energy Storage (EES) systems
