Creating Standards Together

About the Programme

Welcome to BIS and thank you for being our partner for national standardization as a technical committee member!

This programme is designed to bring to you an array of developments being made in our standardization process as well as related portals for bringing out effective standards in a timely manner, and to strengthen India's position at international level. Members will also be made aware of India's leading steps towards SMART standards and Online and Collaborative Authoring of Standards. Hands-on demonstrations of the essential online tools that are vital for our success, will be provided during the programme. Don't miss this unique opportunity!

In this one-day interactive programme, we will also explore the growing need to address sustainability during the development or revision of standards.

- One day Interactive discussion and practical application.
- **Mandatory** for all Principal Members of the Technical Committees.
- Designed to cover around 7000 Principal Members of the Technical Committees (TC) in one year time.
- Programme is not open for Alternate Members and Young Professionals.
- Two date options provided to members of each sectional committee of a particular department (see Page 4). Members may choose any one date as per their convenience.
- **Free** programme for TC Members
- Assistance in the form of TA-DA for Eligible Members as per BIS' Guidelines. For list of eligible members, please see Page 5.
