Dear Kshitij,

Attended WG1 meeting and WG1 Plenary meeting. Participated in most of the WG1 project discussions.

I also put forth India viewpoints for 27017 and 27019.

I also got myself added as co-editor for 27004 subject to approval from NB.

WG4 meeting - I got a cancellation mail on day 1 and then I didn't follow any further.

SC27 - Plenary - could not attend due to other meeting at my end. But I did comment on the SC27 draft resolutions offline.

Warm regards,
Sanjiv Agarwala
