

Dear Kshitij ji,

My participation note / report is attached below

Note on Participation in meetings of ISO held in JTC 1/SC 27 and subgroups WG1, 4, 5 AG, in March/April 2024.

Attended Plenary Sessions, WG 1 and WG 4

Attending sessions was a challenge due to remote participation and time zone difference with meetings at odd times.

Details regarding WG5 and AG:

- (1) Adhoc WG -5-42-002- Preparation of draft participation guide for editors/co-editors – There has been good progress, and it has been recommended to continue the ad hoc group by one more term.
- (2) 38WD 27566 -1- Age assurance framework – Important terms were discussed and finalized.
- (3) Proposal PWI on Privacy Protection of user Avatars in Meta verse – There was presentation followed by inputs and issues raised in the session. I will be contributing as co editor in the proposed PWI.
- (4) PWI – 6087 – Digital Authentication Risks and Mitigation –
The relevant reports were discussed.
- (5) WD – 27091 Artificial Intelligence – Privacy –
The relevant reports were discussed.
- (6) PWI – 27568 the second report including use cases contributed by myself and Mr. Srinivas Poosarla, IN were discussed. The PWI of which we are Co editors is proposed to be continued.
- (7) 34 DIS 27562 – Privacy guidelines for fintech were discussed.
There is an issue of the use of words customer and consumer in the document. Editors have promised to address these but need comment from NB – informed to Ms. Jyoti Kushwah.

Kindly take the above on record for presenting at the meeting as appropriate.

I will be attending the meeting remotely, and will participate subject to availability of network connectivity.

Thanks and regards,

Vishnu Kanhere
