Subject: [EXTERNAL] Regarding Creation of Standardization Cell in industrial association

You don't often get email from drsakshi.sharma87@gmail.com. [Learn why this is important](#)

[EXTERNAL]: This email originated from outside the Dabur System. Please be vigilant before responding, clicking or opening attachments. If you notice something suspicious, please report to the IT Helpdesk.

Sir/Madam

As you are well aware that the Bureau of Indian Standards is the National Standard Body of India carrying out the activities of standardization, marking and quality certification of goods. BIS recently established a dedicated department for Ayush systems which is actively working in standardization activities through engagement of stakeholders from the government, departments, academic research institutes, industry, manufacturers, educational institutions, scientific organizations and consumer bodies.

To keep the proper coordination with the Ayush Industry, there is a need to create a standardization cell in industrial associations to facilitate consultations and dialogue among the members of the industry, for identification of new areas for development of standards and for revision of existing standards. Standardization cells are expected to become active drivers of national standardization efforts.

In view of above please find the attached Request Letter regarding Creation of Standardization Cell in your prestigious industrial associations.

Your cooperation and early response will be highly appreciated.

--

With regards,

Dr. Sakshi Sharma,
Joint Director/ Scientist - D,
Ayush Department
Bureau of Indian Standards (BIS) Headquarters,
9, Bahadurshah Zafar Marg,
