Dear Shri Kundan,

As we await the review comments on our submitted report to proceed further, we kindly request an extension of our project timeline by an additional two months to ensure its successful completion. The extension is necessary as our project commenced in July, and we successfully completed the initial tasks by September using the first installment of funds. However, due to a delay in receiving the second installment, we have been unable to make significant progress on the remaining objectives.

We sincerely request your understanding and approval for this extension to allow us to fulfill the project goals effectively.

Best Regards  
Rajkumar

Dear Shri Kundan,

Attached is the updated report for your perusal. Thanks and looking forward to hearing from you at the earliest.

Have a great week ahead.

**Addressed the comments:**

It appears that the report does not include a plan for the visit to the manufacturing facilities, nor any proposed next steps for utilizing the prepared questionnaire.

*Please refer page no: 17*

Additionally, the seminar report attached at the end is not aligned with the scope of this project.

*Please refer page no: 15 and 16, 25 to 32*

Best Regards

Rajkumar

Dear Dr. V Rajkumar,

I am writing in reference to the progress report submitted for the R&D project PGD 0103. It appears that the report does not include a plan for the visit to the manufacturing facilities, nor any proposed next steps for utilizing the prepared questionnaire. Additionally, the seminar report attached at the end is not aligned with the scope of this project.

Given these points, could you please review and update the report accordingly before we present it to the sectional committee for review and approval?

Best regards,  
Kundan Giri  
Scientist C/Joint Director  
Production and General Engineering Department, BIS

Dear Sir/Madam,

This has reference to R&D projects hosted by BIS and your submission of bid(s) for the same.

The meeting of the Research Evaluation Committee (REC) is scheduled on **18 March 2024** at 1000-1300 hrs for evaluation of the Technical Proposals for the following proposal(s):

1. Calibration of vertical oil storage tanks in India.
2. Technological gap analysis for Commercial scales (Non-flexible length measures).
3. Technological gap analysis for Steel tapes used in measurement.
4. Technological gap analysis for woven metallic and glass fibre measuring tapes.

During the meeting, REC may call for a clarification by the proposers if such a need arises. You are therefore requested to kindly ensure your availability for video conferencing during the above mentioned date and time. You will receive a phone call from our end 10-15 minutes beforehand, if your presence is required in the meeting. In that case, you may join the meeting through the following link:

<https://bismanak.webex.com/bismanak/j.php?MTID=m229a5df6f3fd7723d35a79a3d43e752d>

Meeting number: 2513 846 6672

Password: 12345

For communication with regard to above on the day of the meeting, following officer may be contacted –

*Shri Phalendra Kumar  
Scientist C, Deputy Director  
Standards Coordination and Monitoring Department  
Contact No: 9599977946*

Thanking you,
