Dear Sir/Ma'm;

Sub: Changes in the allocation of budget head – regarding

This letter is in reference to the budget allocation of the R&D project - FAD0015 entitled 'Study of Neutral Spirits for Alcoholic Drinks for their Quality and Safety Parameters.' The sanction letter for the project code FAD 0015 indicated a budget allocation for travel as 1,69,000/- and we received the initial allocation of 60,000/-. Since we will not be able to utilize the whole of travel money during this period of the project, we need the remaining amount of 1,09,000/- to be allocated into contingency or chemical/consumables budget head. So, please consider our request and change the allocations accordingly, while releasing the next instalment.

Dr. Prakash M. Halami
PI & Head, M & FT,
CSIR-CFTRI, Mysuru

Dear Sir,

This has reference to the trailing email. Please find attached the sanction letter for the project code FAD 0015 that has been awarded to you.

The first instalment of the total approved cost has been released on 25 June, 2024. The project will be considered commenced upon release of the first instalment as per BIS research guidelines (Doc no. SCMD/R&Dguidelines/20240522).

Thanking you,

A K Bera,
Sc G & Head (Standards Coordination and Monitoring Department)
