TO ALL NATIONAL COMMITTEES

Dear Sir/Madam,

ISO/IEC JTC 1/SC 43: BRAIN-COMPUTER INTERFACES

AhG 6: Ethics and Trustworthiness - Call for experts

Background

At the 5th plenary meeting of JTC 1/SC 43 in Sydney, Australia, it was decided to set up the ad goc group 6. The working group title and term are:

AhG 6: Ethics and Trustworthiness

Tasks:

1. Track the issues and concerns, and identify potential work items related to ethics, robustness, reliability, security, safety, privacy, etc. in the field.

2. Facilitate the development of the work for PWI TR JTC1-SC43-1 Information Technology - Ethical Guidelines of Brain-computer Interfaces, and PWI JTC1-SC43-2 Information Technology - Brain-computer Interfaces - Safety and Security General Requirements.

National Committees are kindly invited to nominate experts, who should have expertise in the field of Ethics and Trustworthiness and could make an effective contribution to the work of this Ad Hoc Group.

Nominations for experts for **AhG 6** shall be submitted by the National Committees via the IEC Expert Management System **no later than**
