Comments along for the range	<p>We request to revised scope of IS 302 (Part 2/ Sec 6) which currently covers the electric cooking ranges, hobs, ovens and similar appliances for household. This standard deals with the common hazards presented by appliances that are encountered by all persons in and around the home</p> <p>The scope NOTE 103 mentioned the exclusion of the electrical appliance listed below but does not specifically exclude the hot plates, ovens from it's scope under NOTE 103 which are specifically meant for usage in research laboratory and in industries.</p> <p>The similar kind of electrical appliance used in industry & research lab owing to similar HSN code and similar description as regulated ovens and hot plates which come under purview of BIS compulsory registration during custom clearance & different interpretation by enforcing authorities.</p> <p>The IS 302 intended for electrical appliances like stationary storage type electric water heaters (e.g. - IS 302 (Part 2/Sec 21)) specifically excludes appliances intended exclusively for industrial purposes.</p> <p>On this basis, we request to amend IS 302 (Part 2/Sec 6): (Safety of household and similar electrical appliances - particular requirements - Cooking Ranges, Hobs, Ovens and Similar Appliances should include exclusion of hot plates, ovens and other electrical appliances which are intended exclusively for industrial purposes and research laboratory purposes.</p> <p>NOTE 103 — This standard does not apply to:</p> <ul style="list-style-type: none">a) appliances intended for commercial catering,b) appliances intended to be used in locations where special conditions prevail, such as the presence of a corrosive or explosive atmosphere (dust, vapour or gas),c) grills, toasters and similar portable cooking appliances (IS 302-2-9), andd) microwave ovens (IS 302-2-35).	
Modified	<p>the section Note 103 of the IS std should be revised to include exclusion of the similar appliance use in research laboratory & industry as follows</p> <p>NOTE 103 — This standard does not apply to:</p> <ul style="list-style-type: none">a) appliances intended for commercial catering,b) appliances intended to be used in locations where special conditions prevail, such as the presence of a corrosive or explosive atmosphere (dust, vapour or gas),c) grills, toasters and similar portable cooking appliances (IS 302-2-9), andd) microwave ovens (IS 302-2-35). <p>e) appliances intended for research laboratory & industry.</p>
