Respected Madam and sir

5557 draft part 3

Height of the footwear ..

Height D and E not applicable in this type of footwear

Further for smaller sizes Height of the footwear be defined as Height A will not be applicable and where in Height B also will not be adequately applicable ..

Thank you,
Basak jSent from [Outlook for Android](#)

Respected Madam and sir

Thanks

Points for consideration

This product is to be produced under vulcanisation and which is confined to rubber only .

More over series of 5557 is for rubber only and no other polymer is vulcanised other than rubber .

Hence POLYMER WORD be deleted from every place where ever it is present

Regards
Basak j

Subject: New Working Item- P-Draft-IS 5557(Part 3)

Dear Preeti,

With reference to last CHD 19 Footwear sectional committee meeting, under new working Item the committee was decided and given to me to develop all rubber gum boot and ankle boots for children as IS 5557(Part 8).

Herewith I am attaching new working preliminary draft. This draft includes All rubber/polymer gum boot and ankle boot for children. we will discuss about this draft in the coming meeting.

Regard

R. Mohan
