17 May 2021

Subject: Temporary measures for relaxation of provision of BIS (Conformity Assessment) Regulations 2018 for renewal of licence with late fee and renewal of deferred licence - reg.

Bureau of Indian Standards is operating different certification schemes as per BIS (Conformity Assessment) Regulations, 2018. Under these schemes, BIS grants licence or certificate to the manufacturers to ensure that their product(s) conforms to the relevant Indian Standard(s). This helps in ensuring protection of consumers. Presently, many products have been notified by the Government under compulsory certification of BIS. The licence granted is renewed by BIS as per provisions of above Regulations for a period of not less than 1 year and upto 5 years as requested by the manufacturer.

- 2) As per present norms, manufacturers are submitting applications for renewal of licence through online mode i.e. on 'Manakonline'. Manufacturers are required to submit renewal application along with requisite fee and relevant details/documents as per provisions of the above Regulations. Provisions of renewal of licence are given in Regulation 8 of BIS (Conformity Assessment) Regulations, 2018, relevant extract of which is reproduced below:

“Regulation 8: Renewal of licence to use or apply a Standard Mark- (1) An application for renewal of licence shall be made to the Bureau in the stipulated form along with the fee, as specified in the applicable Scheme in Schedule-II.

(2) The application under sub-regulation (1) shall be made to the Bureau before the expiry of the validity of licence as specified in the applicable Scheme given in Schedule-II.

(3) On receipt of an application under sub-regulation (1), the Bureau may renew or recertify the licence in accordance with the applicable Scheme specified in Schedule-II.

(4) If renewal application with requisite fee is not received before the expiration of the validity, the renewal of licence may be deferred for a period of up to ninety days from the date of its validity or as provided in the applicable Scheme specified in Schedule -II.

Provided that if renewal application with requisite fee is not received within the period of deferment, the licence shall stand expired after the date of its validity.

(5) If the renewal application is made after the validity of the licence, the application shall be accompanied by late fee of rupees five thousand.”

- 3) Due to extraordinary pandemic situation and resultant restrictive measures of the Government authorities to check spread of COVID-19 in the country, the manufacturers are likely to face difficulty in preparation of the essential details/documents to be submitted along with the renewal application and subsequently, timely submission of renewal application along with the documents and requisite fees.
- 4) In view of the extraordinary situation in the country explained above, following temporary relaxation measures are issued for provisions of BIS (Conformity Assessment) Regulations 2018 including its amendments thereof:
- i) **For all the licences for which renewal of licence is due:**
 - a) Provision of deferment of licence as per para 1 of sub-regulation (4) of Regulation 8 is kept in abeyance till 30th September 2021.
 - b) Provision of submission of late fee with renewal application within 90 days i.e provisions of sub-Regulation (5) of Regulation 8 is kept in abeyance till 30th September 2021.
 - ii) **For all the licences which are completing 90 days of period of deferment of renewal:**
 - a) Provision of deferment of licence beyond 90 days by keeping para 2 of sub-regulation (4) of Regulation 8 is kept in abeyance till 30th September 2021.
- 5) This issues with the approval of the competent authority.
