Review Document

Basic Details

1.	Sectional Committee No. & Title:	CHD 8 - Occupational Safety and Health
2.	IS No :	IS 18001 : 2007
3.	Title :	Occupational Health and Safety Management Systems - Requirements with Guidance for Use
4.	Date of Previous Review:	May, 2018

Review Analysis

5.1 Status of standard(s), if any from which assistance had been drawn in the formulation of this IS.

S.No.	Standard (No.)	Standard (Title)	Whether the standard has since been revised	Major changes	Action proposed
1	BS 8800 : 1996	Guide to occupational health and safety management systems	N/A	N/A	N/A
2	AWNZS 4804: 1997	Occupational health and safety management systems - General guidance and principles, assessment and supporting techniques	N/A	N/A	N/A

5.2 Status of standard referred in the IS.

S.No.	Referred standards (No.)	Referred standards (Title)	Since revised IS no. of the corresponding IS	Changes in the referred Standards since last review of IS	Changes in the referred standard which are affecting the standard under review	Action proposed
1	IS 3786 : 1983	Method of computation of frequency and severity rates for industrial injuries and classification of industrial accidents (first revision)	IS 3786 : 2022 Method for computation of frequency and severity rates for industrial injuries and classification of industrial accidents (second revision)	In this revision, changes have been incorporated in the standard in line with Workmen's Compensation (Amendment) Act, 2009 (India). Injuries namely guillotine amputation of tip of thumb without loss of bone, Loss of partial vision of one eye, etc. have been incorporated. Scheduled charges for disabilities as given in Annex A have been updated in line with the above act.	IS 3786 is referred in this standard for methods of computation of frequency and severity rates for industrial injuries and classification of industrial accidents.	Reference year needs to be updated.
2	IS/ISO 14001 : 2004	Environmental management systems Requirements with guidance for use	IS/ISO 14001 : 2015 Environmental management systems - Requirements with guidance for use (second revision)	This standard is being revised again for adoption of ISO 14001: 2015 version.	IS 14001 is referred in this standard for the definitions.	Reference year needs to be updated.
3	IS 14489 : 1998	Code of practice on occupational safety and health audit	IS 14489 : 2018 Occupational health and safety audit - Code of practice (First Revision)	The need was felt to formulate a guideline to audit safety aspects in the industrial and other units of concern. While formulating this standard, utmost care was taken to cover all the possible elements relating to Occupational Health and Safety. With the passage of time, it was felt to revise the standard with a view to incorporate new elements which are relevant to the industry in the present context including the safe behavior of workers at work place. Thus, this standard only gives guidance for auditing of industrial units for Occupational Health and Safety parameters.	IS 14489 is referred in this standard for definitions.	Reference year needs to be updated.

5.3 Any other standards available related to the subject & scope of the standard being reviewed (International/regional/other national/association/consortia, etc or of new or revision of existing Indian Standard).

S.No.	Standard (No.)	Standard (Title)	Provisions that could be relevant while reviewing the IS	Action proposed
1	N/A	N/A	N/A	N/A

5.4 Technical comments on the standard received, if any.

S.No.	Source	Clause of IS	Comment	Action proposed
No entry made in this table				

5.5 Information available on relevant technical developments

S.No.	Source	Development	Relevant clause of the IS under review that is likely to be impacted (Clause & IS No.)	Action proposed
1	Committee Member	Mr. Bidyut Chetia, 3M India Limited, Bengaluru, informed that it is covered all requirements as per the current practices /technology followed by industry. Hence, it may be re-affirmed for now and will take up by the committee in future if required.	Nil	It may be re-affirmed
2	Committee Member	The committee in its 24th meeting, has informed that standard is available in it latest practice followed by manufacturers and users. Hence it may re-affirmed	Nil	It may be re-affirmed

5.6 Issues arising out of changes in any related IS or due to formulation of new Indian Standard.

S.No.	Related IS (revised or new)	Related IS Title	Provision in the IS under review that would be impacted & the clause no. or addition of new clause/provision	Changes that may be necessary in the Standards under review	Action proposed
No entry made in this table					

5.7 Any consequential changes to be considered in other IS.

S.No.	Related IS to get impacted	Related IS Title	Requirements to be impacted
1	IS 15883 : Part 5-2013	Construction project Management - Guideline part 5 Health and Safety Management	No changes are required.
2	IS 14489-2018	Occupational health and safety audit - Code of practice (First Revision)	No changes are required.
3	IS 15793-2007	Managing environment, occupational health and safety legal compliance - requirements of good practices	No changes are required.
