Issue: The “R” numbers mentioned on the product packaging belongs to another brands “NEWSUN”, instead of “apra lighting” which is mentioned on the packaging. Also, the IS standard details on the CRO mark have not be correctly mentioned. It appears that some local manufacturer is misusing the credentials of a foreign manufacturer and selling non-BIS compliant unsafe product in the market.

Address:Manufacturer address and MRP related details as required under Legal metrology (packaged commodity) rules are also missing

Shop Address:
