TECHNICAL COMMITTEE : Inorganic Chemicals, CHD 01

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Inorganic Chemicals Sectional Committee, CHD 01. Please [click here](#) to view the document.

Document Number : CHD 01 (25395) WC

Title of the document : Barytes for Chemical Industry and Oil-Well Drilling Specification Third Revision of IS 2881

Document Type : Revision of Indian Standard (IS 2881 : 1984)

This document has following salient features which may require specific attention for your valuable comments:

1) This standard prescribes requirements and methods of sampling and test for the material commercially known as barytes, intended for the preparation, of barium compounds and for oil-well drilling. In this revision, instrumental test methods for the determination of iron, aluminium, calcium and magnesium have been added as alternate test methods. In addition to this, editorial corrections have been made wherever required. Also, Reference clause has been incorporated. Further, Packing and Marking clause has been updated.

Please examine the document and share your comments regarding further improvement in the document.

Last date for sharing the comments is : 23 June 2024

The comments should be shared in the prescribed template through this portal only; and the comments so received shall be taken up by the Sectional Committee for necessary action. For any other query, please write an email at chd@bis.gov.in to the undersigned at Bureau of Indian Standard, Manak Bhawan, 9, Bahadur Shah Zafar Marg, New Delhi.

In case no comments are received, we would presume your approval of the documents. However, in case we receive any comments on the document, the same shall be put up to the Sectional Committee for necessary action.
