Reference : CHD 34/22988

Date : 21 September 2023

TECHNICAL COMMITTEE : Environmental Management, CHD 34

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Environmental Management Sectional Committee, CHD 34. Please [click here](#) to view the document.

Document Number : CHD 34 (22988) WC

Title of the document : Environmental management systems Guidelines for incorporating eco-design

Document Type : New Indian Standard

This document has following salient features which may require specific attention for your valuable comments:

- 1) This document gives guidelines for assisting organizations in establishing, documenting, implementing, maintaining and continually improving their management of eco-design as part of an environmental management system (EMS). This second edition cancels and replaces the first edition (ISO 14006:2011), which has been technically revised. The main changes compared with the previous edition are as follows:*
- 2) Clause 6, which covered eco-design at an operational level, has been deleted due to the development of IEC 62430:2019 (however, the basic information has been retained in a new Annex C); the structure has been adapted to ISO 14001:2015; the boxes related to ISO 14001 and ISO 9001 have been removed; text has been added to address management issues related to the outsourcing of eco-design; a new Clause 11 covering management issues associated with setting eco-design has been added.*

Please examine the document and share your comments regarding further improvement in the document.
