Reference : LITD 19/T-25541   **Date : 10 May 2024**

TECHNICAL COMMITTEE : E-Learning, LITD 19

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the E-Learning Sectional Committee, LITD 19. Please <u>click here</u> to view the document.

Document Number : LITD 19 (25541) WC
Title of the document : Information technology for learning education and training Reference framework of e-Portfolio information
Document Type : New Indian Standard

This document has following salient features which may require specific attention for your valuable comments:

1) This document was developed to support the creation and use of e-Portfolios in LET. It can be used to develop more responsive, flexible and modular systems and services and is intended to support learners, instructors, trainers, e-learning service providers and other stakeholders. In addition, it is intended to support a wide range of activities related to e-Portfolio creation and use across various information technology for learning, education and training (ITLET) contexts (such as K-12 education, higher education, training, career planning and professional development). With ongoing developments in information and communications technology (ICT), learners have access to an increasing diversity of LET opportunities. As a consequence, production of educational content and services extends the scope of opportunities for learning; providing potential for learners to experience personalized and adaptive opportunities that can also enhance their learning and improve their abiliti
2) This document provides a reference framework for the use of e-Portfolios within ITLET contexts where there are requirements for importing, exporting and aggregating data. The reference framework has been developed with the aim of supporting interoperability and transfer of information among ICT systems and services where data interchange is required for e-Portfolio systems. It is intended to be used by learners, instructors, software developers, implementers, instructional designers, and others within learning, education, and training environments that are supported by information technology
