DRAFT INDIAN STANDARD IN WIDE CIRCULATION

Reference : LITD/22/23732

Date : 10 October 2023

TECHNICAL COMMITTEE : Geospatial Information, LITD 22

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Geospatial Information Sectional Committee, LITD 22. Please [click here](#) to view the document.

Document Number : LITD 22 (23732) WC

Title of the document : Geographic information Conformance and testing

Document Type : New Indian Standard

This document has following salient features which may require specific attention for your valuable comments:

- 1) This document is based on concepts defined in ISO International Standards which describe conformance and testing. Certain components of the Open Geospatial Consortium (OGC) modular specification,[2] including requirements, requirements classes, abstract test cases and conformance classes, are also used in this document. While the framework of conformance testing described in these documents is also used in this document, some concepts have been modified for use in this particular domain.*
- 2) It is very important to be able to ensure good quality in testing and conformance with the relevant requirement(s). This can be achieved via traceability and perhaps even with a traceability matrix where the requirement and the test result are correlated.*

Please examine the document and share your comments regarding further improvement in the document.

Last date for sharing the comments is : 09 December 2023

The comments should be shared in the prescribed template through this portal only; and the comments so received shall be taken up by the Sectional Committee for necessary action. For any other query, please write an email at litd@bis.gov.in to the undersigned at Bureau of Indian Standard, Manak Bhawan, 9, Bahadur Shah Zafar Marg, New Delhi.

In case no comments are received, we would presume your approval of the documents. However, in case we receive any comments on the document, the same shall be put up to the Sectional Committee for necessary action.

Thanking You,

Yours faithfully,
(Ashish Tiwari Scientist D)
