DRAFT INDIAN STANDARD IN WIDE CIRCULATION

Reference : LITD 28/T-22596

Date : 18 August 2023

TECHNICAL COMMITTEE : Smart Infrastructure, LITD 28

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Smart Infrastructure Sectional Committee, LITD 28. Please [click here](#) to view the document.

Document Number : LITD 28 (22596) WC

Title of the document : Municipal Governance Part 3: Building Plan Approval Section 6: Taxonomy

Document Type : New Indian Standard

This document has following salient features which may require specific attention for your valuable comments:

- 1) Objective: The objective of this standard is to provide a framework for the classification and categorization of building plans in the context of municipal governance.*
- 2) Taxonomy Development: The standard outlines the process for developing a taxonomy specific to building plan approval, including the identification of parameters and criteria for classification.*
- 3) Classification System: The standard provides guidelines for creating a hierarchical classification system for different types of building plans based on factors such as building usage, size, occupancy, and architectural design.*
- 4) Consistency and Compliance: It emphasizes the importance of ensuring consistency and compliance with building codes and regulations in the classification and approval of building plans.*
- 5) Standardized Documentation: The section recommends the use of standardized documentation and terminology for building plans to enhance clarity, consistency, and effective communication among stakeholders involved in the approval process.*
- 6) Stakeholder Engagement: The standard highlights the need for collaboration between various stakeholders, including municipal authorities, architects, engineers, and contractors, in the taxonomy development process to ensure inclusiveness and collective decision-making.*
- 7) Streamlining Approval Process: By implementing this taxonomy, municipal governance bodies can streamline the building plan approval process, ensuring that plans are reviewed and approved efficiently and in accordance with applicable regulations.*
