MOST IMMEDIATE

DDG (CERTIFICATION) SECRETARIAT

Our Ref: DDG (Cert.)/16:9473, 16289

06 04 2020

Subject: Verification Visit to be conducted at manufacturing units of Masks as per the instructions of DoCA

1. This has reference to the above.
2. On 4th April 2020, a meeting of a committee to deal with issues related to production and supply of face masks was held with Secretary (CA) in the Chair. During this meeting, it was decided that in order to address the surge in demand for quality masks/PPEs in the country, the details of all manufacturers of masks in the country will be collated and BIS, through its network of Regional and Branch Offices, shall conduct physical verification and inspection of these manufacturers within next 3 to 5 days in order to ensure observance of the extant standards/qualities in terms of the finished products, and to bring these manufacturers under its product certification scheme.
3. This was followed by a video conference meeting on 6 April 2020, taken by Secretary, CA wherein BIS was directed to expedite visits to units of mask manufacturers during which attempts shall be made to collect information related to available stock of raw materials and finished products; installed and present production capacity; present manufacturing and testing infrastructure/capability available, consignee details; preparedness for undertaking testing as per Indian Standards etc. For maintaining uniformity and proper collation of data, BIS was also advised to devise a format to collect all the above mentioned details and other relevant information so that an adequate database of various manufacturers of masks is available to initiate suitable further necessary actions, as needed.
4. In this regard, a list of about 115 manufacturers of masks has been received in the form of a list from DoCA. The information which is already populated in this format will be verified (and modified, if required) during visit to these units and the missing information & additional information would also be collected during physical verification and inspection of these manufacturing units to ensure conformance to quality/standards. **(List of manufacturers enclosed as Annex-2).**
5. Accordingly, ROs/BOs are advised to approach these manufacturers as per the enclosed list immediately and coordinate with them for an early visit for physical verification and inspection of these manufacturing units. During the visit :

- a. The physical verification of manufacturing and testing facilities/arrangement may be done and production capacity/consignee and other related observations may be recorded in the special inspection report format enclosed at **Annex 3**.
 - b. In addition, the information provided in the format (as received from DoCA) may also be verified and corrected (if required) and complete and verified information with respect to the manufacturer may be entered in the format (summary report) at **Annex 4**.
6. In addition, during visit, the Indian Standards and Product Manuals/STIs/SITs for the relevant standards shall be shared with the manufacturers and they shall also be apprised about BIS certification scheme. They shall be advised to apply for a licence to use BIS Standard Mark as per the relevant Indian Standard and guided regarding the procedure to be followed for the same. The outcome of this interaction shall be entered in the format at **Annex 3 &4**.
 7. Further, ROs/BOs are advised to obtain necessary permission from local law enforcement authorities for travelling during lockdown period. Amid spread of pandemic, while respecting law, due precautions and preventive measures must be ensured by BIS visiting officers as per the directives issued by appropriate authorities.
 8. DDGRs are advised to monitor the progress of the above activity and send a **daily status report** of the same to scgc@bis.gov.in along with the latest information in the prescribed format (**Annex-3**) **along with copy of verification reports** for onward transmission to DoCA.
 9. This may be treated as TOP PRIORITY.
