**Subject: Drawal of market samples from dispatch point**

1. This has reference to the above.
2. During recent ROs/BOs meeting held on 8 June 2018, DDGRs had expressed that for certain industrial products, it is proving difficult to draw market samples as these are unavailable in the market.
3. After deliberations, it was decided that in order to ensure drawal of samples for such products, BOs may be allowed to draw market samples from dispatch points. Accordingly, DDGRs/BO Heads are requested to ensure drawal of samples for such products from dispatch points.
4. However, as per CI 3.8.1.1 of OMPC 2004, invoice, excise gate pass number, challan etc. indicating readiness of material under dispatch should be collected while drawing dispatch point market samples.
