Subject: Grouping Guidelines for Transparent Float Glass as per IS 14900:2018

1. This has reference to the above.
2. The following grouping guidelines have been approved by the Competent Authority for Grant of Licence/Change in scope of licence for Transparent Float Glass as per IS 14900:2018:
 - i) For covering all thicknesses in a range within the scope of licence, a sample of the highest and lowest thicknesses may be drawn for testing.
 - ii) Licence may be granted or change in scope may be allowed for covering all the thicknesses within the range if the samples are found passing in testing.
 - iii) However, it shall be ensured that the firm is having all the necessary manufacturing and testing facilities for the manufacture and testing of the varieties to be included in the licence.
 - iv) During the operation of the licence, samples of all varieties shall be drawn by rotation.
3. All BOs are requested to ensure implementation of the above guidelines with immediate effect.
