DRAFT INDIAN STANDARD IN WIDE CIRCULATION

Reference : PCD 09 (24540)

Date : 02 January 2024

TECHNICAL COMMITTEE : Organic Chemicals, Alcohols and Allied Products, PCD 09

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Organic Chemicals, Alcohols and Allied Products Sectional Committee, PCD 09. Please [click here](#) to view the document.

Document Number : PCD 09 (24540) WC

Title of the document : Ethyl Acrylate Specification First Revision

Document Type : Revision of Indian Standard (IS 14708 : 1999)

This document has following salient features which may require specific attention for your valuable comments:

1) In this (first) revision, requirement of colour has been modified to 10 Pt-Co from 20 Pt-Co and moisture content to 0.05 percent from 0.2 percent, as the limit present was high as compared to the material available in market. Also, the requirement of inhibitor has been modified to 10-20 ppm, as inhibitor is a must to avoid polymerization and thus minimum amount of inhibitor is incorporated. Further, instrumental methods for determination of moisture content, colour and inhibitor content have been incorporated.

Please examine the document and share your comments regarding further improvement in the document.

Last date for sharing the comments is : 01 February 2024

The comments should be shared in the prescribed template through this portal only; and the comments so received shall be taken up by the Sectional Committee for necessary action. For any other query, please write an email at pcd@bis.gov.in to the undersigned at Bureau of Indian Standard, Manak Bhawan, 9, Bahadur Shah Zafar Marg, New Delhi.

In case no comments are received, we would presume your approval of the documents. However, in case we receive any comments on the document, the same shall be put up to the Sectional Committee for necessary action.

Thanking You,

Yours faithfully,
(ITS ADMIN)
Head (Petroleum, Coal and Related Products Department)
