DRAFT INDIAN STANDARD IN WIDE CIRCULATION

Reference : PCD/12/23782

Date : 12 October 2023

TECHNICAL COMMITTEE : Plastics, PCD 12

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Plastics Sectional Committee, PCD 12. Please [click here](#) to view the document.

Document Number : PCD 12 (23782) WC

Title of the document : PLASTIC RECYCLATES FROM POST - CONSUMER BOTTLES AND OTHER FORMS OF POLYETHYLENE TEREPHTHALATE PET PART 1 DESIGNATION SYSTEM AND BASIS FOR SPECIFICATIONS

Document Type : Revision of Indian Standard (IS 16630 : Part 1 : 2018)

This document has following salient features which may require specific attention for your valuable comments:

- 1) 1.1 This Standard establishes a designation system for recyclates produced from post-consumer Poly (ethylene terephthalate) (PET) bottles and other forms (such as jars, thermoformed trays / cups, etc), which may be used as the basis for specifications.*
- 2) In this revision, the major changes are as follows: — the title of the standard has been modified to accommodate the objective of the Plastic Waste Management (PWM) Rules, 2016 and its amendments of reducing plastic pollution. — Scope of the standard has been broadened to include PET articles beyond bottles (for example trays, sheets). However, given the various formats of the recycling process and multiplicity and variability of the life cycles undergone by the recyclates, recycled PET has the potential to contain UVCBs (chemicals of unknown, variable, complex composition). Hence, this Standard continues to cover PET recyclates for non-food applications only.*
- 3) This revision not only reflects the actual recycling practices, but it also brings clarity to the nomenclature used herein.*

Please examine the document and share your comments regarding further improvement in the document.

Last date for sharing the comments is : 11 December 2023

The comments should be shared in the prescribed template through this portal only; and the comments so received shall be taken up by the Sectional Committee for necessary action.
