DRAFT INDIAN STANDARD IN WIDE CIRCULATION

Reference : SSD 10/T-18

Date : 23 August 2024

TECHNICAL COMMITTEE : IT & IT enabled Services, SSD 10

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the IT & IT enabled Services Sectional Committee, SSD 10. Please [click here](#) to view the document.

Document Number : SSD 10 (25838) WC

**Title of the document : ELECTRONIC SIGNATURES AND INFRASTRUCTURES ESI
CRYPTOGRAPHIC SUITES**

Document Type : New Indian Standard

This document has following salient features which may require specific attention for your valuable comments:

1) This draft standard specifies cryptographic suites used for the creation and validation of digital signatures and electronic time stamps and related certificates. The standard builds on the agreed cryptographic mechanisms from SOG IS. It may be used also for electronic registered delivery services in the future. The standard focuses on interoperability issues. It instead provides guidance on the selection of concrete cryptographic suites that use agreed mechanisms. The use of SOG-IS agreed mechanisms is meant to help ensure a high level of security in the recommended cryptographic suites, while the focus on specific suites of mechanisms is meant to increase interoperability and simplify design choices. There is no normative requirement on selection among the alternatives for cryptographic suites given here but for all of them normative requirements apply to ensure security and interoperability. The standard also provides guidance on hash functions, digital signature schemes and digital

Please examine the document and share your comments regarding further improvement in the document.
