## DRAFT INDIAN STANDARD IN WIDE CIRCULATION

Reference : TED 07 (19704)

Date : 14 November 2024

**TECHNICAL COMMITTEE : Automotive Tyres, Tubes And Rims, TED 07**

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Automotive Tyres, Tubes And Rims Sectional Committee, TED 07. Please [click here](#) to view the document.

**Document Number : TED 07 (19704) WC**

**Title of the document : Passenger car truck and bus tyre rolling resistance measurement method Single point test and correlation of measurement results**

**Document Type : Revision of Indian Standard (IS/ISO 28580 : 2009)**

*This document has following salient features which may require specific attention for your valuable comments:*

1) *This document specifies methods for measuring rolling resistance, under controlled laboratory conditions, for new pneumatic tyres designed primarily for use on passenger cars, trucks and buses. This document is not applicable to tyres intended for temporary use only. It includes a method for correlating measurement results to allow inter-laboratory comparisons. It is designed to facilitate international cooperation and, possibly, regulation building. Measurement of tyres using this method enables comparisons to be made between the rolling resistance of new test tyres when they are free-rolling straight ahead, in a position perpendicular to the drum outer surface, and in steady-state conditions.*

Please examine the document and share your comments regarding further improvement in the document.

**Last date for sharing the comments is : 14 December 2024**

The comments should be shared in the prescribed template through this portal only; and the comments so received shall be taken up by the Sectional Committee for necessary action. For any other query, please write an email at ted@bis.gov.in to the undersigned at Bureau of Indian Standard, Manak Bhawan, 9, Bahadur Shah Zafar Marg, New Delhi.

In case no comments are received, we would presume your approval of the documents. However, in case we receive any comments on the document, the same shall be put up to the Sectional Committee for necessary action.

Thanking You,

**Yours faithfully,
