TECHNICAL COMMITTEE : Automotive Electrical Equipment and Instruments, TED 11

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Automotive Electrical Equipment and Instruments Sectional Committee, TED 11. Please [click here](#) to view the document.

Document Number : TED 11 (26207) WC

Title of the document : ROAD VEHICLES CYBERSECURITY ENGINEERING

Document Type : New Indian Standard

This document has following salient features which may require specific attention for your valuable comments:

1) *This document specifies engineering requirements for cybersecurity risk management regarding concept, product development, production, operation, maintenance and decommissioning of electrical and electronic (E/E) systems in road vehicles, including their components and interfaces. A framework is defined that includes requirements for cybersecurity processes and a common language for communicating and managing cybersecurity risk. This document is applicable to series production road vehicle E/E systems, including their components and interfaces, whose development or modification began after the publication of this document. This document does not prescribe specific technology or solutions related to cybersecurity.*

Please examine the document and share your comments regarding further improvement in the document.

Last date for sharing the comments is : 22 September 2024

The comments should be shared in the prescribed template through this portal only; and the comments so received shall be taken up by the Sectional Committee for necessary action. For any other query, please write an email at ted@bis.gov.in to the undersigned at Bureau of Indian Standard, Manak Bhawan, 9, Bahadur Shah Zafar Marg, New Delhi.

In case no comments are received, we would presume your approval of the documents. However, in case we receive any comments on the document, the same shall be put up to the Sectional Committee for necessary action.

Thanking You,

Yours faithfully,
