To,

All concerned

Dear Madam/Sir.

The following document has been prepared by the Air and Space Vehicles Sectional Committee Sectional Committee, TED 14. Please <u>click here</u> to view the document.

Document Number: TED 14 (22967) WC

Title of the document: SPACE SYSTEMS - REQUIREMENTS FOR SMALL SPACECRAFT

Document Type: New Indian Standard

This document has following salient features which may require specific attention for your valuable comments:

1) This document describes minimum requirements for small spacecraft. Small spacecraft may employ untraditional spacecraft development and management philosophy. These spacecraft projects are usually budget-limited or mass-limited, which makes a single (exclusive) launch unaffordable.

The comments should be shared in the prescribed template through this portal only; and the comments so received

shall be taken up by the Sectional Committee for necessary action. For any other query, please write an email at ted@bis.gov.in to the undersigned at Bureau of Indian Standard, Manak Bhawan, 9, Bahadur Shah Zafar Marg, New Delhi.

In case no comments are received, we would presume your approval of the documents. However, in case we receive any comments on the document, the same shall be put up to the Sectional Committee for necessary action.
