TECHNICAL COMMITTEE : Textiles Protective Clothing, TXD 32

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Textiles Protective Clothing Sectional Committee, TXD 32. Please [click here](#) to view the document.

Document Number : TXD 32 (25824) WC

Title of the document : Textiles Fire resistant fabric made of Cotton Man-made fibres/filaments and their blends General and Performance Requirements

Document Type : New Indian Standard

This document has following salient features which may require specific attention for your valuable comments:

1) Flame retardant fabrics play a crucial role in reducing the threat posed by fire hazards in various industries. Although, there are several technologies and methods employed to impart fire resistance in textile fabrics, but these methods can broadly be divided into two categories: i) By chemical treatments, ii) By selection of inherently fire-resistant fibres. This standard specifies the general and performance requirements for fire resistant fabric made of cotton, man-made fibres/filaments and their blends.

Please examine the document and share your comments regarding further improvement in the document.

Last date for sharing the comments is : 07 July 2024

The comments should be shared in the prescribed template through this portal only; and the comments so received shall be taken up by the Sectional Committee for necessary action.
