DRAFT INDIAN STANDARD IN WIDE CIRCULATION

Reference : T-12

Date : 29 January 2025

TECHNICAL COMMITTEE : Measurement and Cost Analysis of Works for River Valley Projects, WRD 23

To,

All concerned

Dear Madam/Sir,

The following document has been prepared by the Measurement and Cost Analysis of Works for River Valley Projects Sectional Committee, WRD 23. Please [click here](#) to view the document.

Document Number : WRD 23 (27477) WC

Title of the document : METHOD OF MEASUREMENT OF WORKS IN RIVER VALLEY PROJECTS DAMS AND APPURTENANT STRUCTURES PART 10 FORMWORK

Document Type : Revision of Indian Standard (IS 9401 : Part 10 : 1990)

This document has following salient features which may require specific attention for your valuable comments:

1) In measurement of quantities, in construction of river valley projects a large diversity of methods exists at present according to local practices. This lack of uniformity creates complication regarding measurement. This standard is intended to provide a uniform basis for measurement of formwork in the construction of river valley projects. The provisions contained in this standard shall generally have precedence over the provisions in IS 1200 (Part 5) : 1982. However, the provisions of both the standards may be considered complimentary and supplementary to each other.

Please examine the document and share your comments regarding further improvement in the document.

Last date for sharing the comments is : 30 March 2025

The comments should be shared in the prescribed template through this portal only; and the comments so received shall be taken up by the Sectional Committee for necessary action. For any other query, please write an email at wrd@bis.gov.in to the undersigned at Bureau of Indian Standard, Manak Bhawan, 9, Bahadur Shah Zafar Marg, New Delhi.

In case no comments are received, we would presume your approval of the documents. However, in case we receive any comments on the document, the same shall be put up to the Sectional Committee for necessary action.
