Our Ref: FMCD/A- 4104111

Subject: All India First Application for GoL as per IS 17916: 2022

FMCD has received an application from M/s HANWHA SOLUTIONS CORPORATION, South Korea for grant of licence for use of BIS Standard Mark on the product Toluene Diisocyanate (TDI-80)- Specifications as per IS 17916: 2022.

As per the information obtained from BIS Website/ Intranet, Circulars of CMD's to ROs/ BOs the following is observed:

1. No BIS licence exists for the aforementioned product.
2. Marking fee, SIT & Grouping guidelines are not available for the product.
3. Complete testing facility is not available in any BIS lab/OSL.

In the view of above, the application may be considered as All India first application for Certification for the above product.

CMD-II is requested to provide SIT, marking fee and any other information prevailing for this product on priority.

All ROs and BOs are requested to send information regarding the above product by mail with respect to any application pending at their end or any other information which may be helpful to process this application.

LPPD/LRMD is requested to confirm the availability of complete testing facilities & testing charges as per IS 17916: 2022.
