(Foreign Manufacturers Certification Department)

Our Ref: FMCD/IS 3024

Date: 23-08-2023

Sub: Drawl of Market Samples of CRGO Steel as per IS 3024 : 2015 for Licences under FMCS

This has reference to the licences under operation pertaining to Distribution Transformers under the jurisdiction of BOs.

As you may be aware, CRGO Steel is a critical raw material used in the manufacture of Distribution Transformers. Currently, there are 13 licenses pertaining to CRGO Steel as per IS 3024: 2015, operating under FMCS.

In this regard, samples pertaining to CRGO Steel for these 13 licences under FMCS may be drawn on priority and intimation may be sent to FMCD.

This issues with the approval of Competent Authority.
