हमारा सन्दर्भ: सीएमडी-1/2:12:7

10 अप्रैल 2023

विषय: स्कीम I के तहत फैक्टरी और बाजार निगरानी पर उत्पादवार मार्गदर्शन ।

उपर्युक्त विषय पर सक्षम प्राधिकारी द्वारा अनुमोदित परिपत्र सभी संबंधित पक्षों के कार्यान्वयन के लिए सलग्न है।

(सुधांशु राय)

## **Bureau of Indian Standards**

### **Central Marks Department - I**

**Our Ref: CMD-I/2:12:7**

**10<sup>th</sup> Apr 2023**

**Subject: Product wise guidance on Factory & Market Surveillance under Scheme I - reg**

- 1) This has reference to CMD-I circular on Product-wise guidance on market surveillance (MS/FT/DP/OB/Feedback) issued vide reference CMD-I/2:12:7 on 12.12.2022.
- 2) In the earlier iterations of the said circular, Products were categorised with respect to MS/FT/DP/OB/Feedback, for collection of market sample. It has now been decided to cover annual frequency of Factory Surveillance and number of market samples required to be drawn during a year against every ISS in the same circular.
- 3) Whereas the default frequencies for Factory Surveillance & no of Market Samples are 01 & 02 respectively, the same been enhanced to 02 Factory Surveillance & 04 Market Samples, on annual basis, for Consumer Products & for ISSs where rate of sample failure has been on a higher side during the previous year. In all such cases, Market Surveillance shall be planned once every three months & Factory Surveillance shall be planned once every six months.
- 4) The list has been updated to include ISSs which have been recently brought under the ambit of product certification. The categorisations of IS 15658:2021 & IS 14845:2000 have been reviewed and it has been decided to update the same to DP from Feedback. Similarly the categorisation of IS 15500 (different parts) has been updated to MS/DP from MS.
- 5) For ISSs where the product is categorised under Feedback and the test facilities exist for that product in BIS Labs/OSLs, the BOs shall ensure that two Factory Samples are drawn from such licensees for independent testing during each operative year.
- 6) In cases where factory samples as mentioned at 5 above could not be drawn during surveillance inspection, another surveillance shall be planned for the purpose of sample drawl from such licensees for independent testing.
- 7) For cases where the categorisation in guidance document is MS and in any particular case it has been observed that, even after all efforts, it is not possible to draw samples from the open market, Head BO may permit drawl of samples for that licence from the Dispatch Point.
- 8) For all the products which are categorised as DP, efforts may be made to collect the samples from open market, if possible, otherwise collection from despatch point may be resorted to.

- 9) Further, for collection of samples from the despatch point, the cost of sample shall be paid to the licensee.
- 10) The updated list of products with 1167 ISSs is enclosed.
- 11) BOs may kindly take note of the above for Factory & Market Surveillance.
- 12) This issues with the approval of the competent authority.

(Sudhanshu Rai)
