

BUREAU OF INDIAN STANDARDS
ELECTROTECHNICAL DEPARTMENT

Our Ref: ETD 15/ IS 12615

10-01-2019

Sub: Implementation of IS 12615: 2018 ‘Three Phase Squirrel Cage Induction Motors’

IS 325: 1996 ‘Three-phase Induction Motors’ was superseded by IS 12615: 2011 ‘Energy Efficient Induction Motors — Three Phase Squirrel Cage’. IS 12615: 2011 has been revised as IS 12615: 2018 ‘Line Operated Three Phase a.c. Motors (IE CODE)- Efficiency Classes and Performance Specification’.

IS 12615 was brought under mandatory certification with effect from 1st October 2017 vide ‘Energy Efficient Induction Motors — Three Phase Squirrel Cage (Quality Control) order, 2017’ issued by DIPP on 18th January 2017.

Keeping in view that IS 325: 1996 has been withdrawn and replaced by IS 12615, all interested parties/ users are advised to ensure that all the three phase squirrel cage induction motors used/ procured by them for various applications comply with IS 12615: 2018 and bear BIS certification mark in compliance to above referred Quality Control Order.

This issues with the approval of DDG (Standardization).
