Dear Sir,

This has reference to the 23rd Meeting of Farm Irrigation and Drainage Systems Sectional Committee, FAD 17 held on **29 August 2024**.

FAD 17(25120) Irrigation equipment — Emitters — Specification (first revision of IS 13487) was approved for publication during the meeting with few modifications. (see **4.3** of the MOM - attached)

However, the draft was re-discussed during the **7th meeting of FAD 17/Panel 2 held on 7 October 2024** in response to comments received from Premier Irrigation Adritec Ltd, Nagpur. Accordingly, after due deliberation, few additional corrections were made. The minutes of the meeting and corrected draft are enclosed for your kind perusal.

In your capacity as Chairperson of FAD 17, we seek your kind approval to process the draft for publication.

Thanks & Regards
