## CENTRAL MARKS DEPARTMENT-2

Our Ref: CMD-2/16: 9755

19 04 2021

### **Subject: Guidelines for implementation of Revised IS 9755:2021 (Textiles — High Density Polyethylene (HDPE)/Polypropylene (PP) Woven Sacks for Packing Fertilizers)**

1. IS 9755:2016 has been revised as IS 9755:2021 and has been published. The last date for implementation of the revised Standard is **24 Nov 2021** after which the old Standard shall stand withdrawn.
2. All BOs shall inform the Applicants and Licensees under their jurisdiction about implementation of the revised Standard within a week of issuance of these guidelines.
3. The significant changes in the revised Standard as listed in the Table are given for the purpose of general guidance. BOs shall ensure that the product conforms to all the requirements, as applicable, as per the revised Standard.

Clause	Change
Cl. 1 and Cl. 3	HDPE/PP woven sacks of 45 kg capacity have been incorporated for packaging of neem coated urea fertilizer. Based on packaging capacity, HDPE/PP Woven sacks have been classified into two types Type I and Type II
Cl 4.1	Requirement for raw material has been modified. <ul style="list-style-type: none"><li>- Overall migration excluded from the requirement</li><li>- Suggestion for functional additives that may be added for improved properties has been mentioned)</li><li>- The use of white coloured sacks to promote recycling, recover, reuse and thereby supporting circular economy has been incorporated as a suggestive note</li></ul>
Cl 4.2	Requirement of fabric has been modified <ul style="list-style-type: none"><li>- Linear density requirements for tapes and fabric has been incorporated</li><li>- Tolerance on mass of unlaminated fabric has been modified</li></ul>
Cl 4.3	Requirements for sacks has been modified
Cl 4.4	Requirement for liner has been modified <ul style="list-style-type: none"><li>- Requirement for loose liner has been modified</li><li>- Length of liner has now been specified (earlier it was as required by buyer)</li><li>- Requirement for thickness of loose liner has been modified.</li></ul>
Cl 4.5	Requirement for lamination has been modified <ul style="list-style-type: none"><li>- Requirement of mass of lamination has been modified</li><li>- Requirement and method of test for laminated fabric mass has been incorporated</li><li>-</li></ul>

CI 4.6.2	Requirement of bottom seam has been modified <ul style="list-style-type: none"> <li>- Number of stitches per dm has been modified</li> <li>- Requirement for material used for stitching of bottom seam has been modified and testing of breaking load of stitching thread has been specified</li> </ul>
CI 5.1, Table 1	Requirement for dimensions has been modified
5.1, 5.6, Table 1	Requirement and test method for drop impact strength of filled sacks has been incorporated
CI. 2	References have been updated

4. Consequent upon the issuance of the revised Standard, the existing product manual has been revised which is being circulated separately.
5. The guidelines for implementation of the revised Standard is given below:

**A. LICENSEES:**

1. All Licensees shall implement the revised Standard 24 Nov 2021. BOs shall ensure that no Licences are under operation as per the old Standard after 24 Nov 2021.
2. Licensees shall submit evidence of conformity to the additional/modified requirements through In-house/Independent Test Reports or Test Certificates, as applicable. Verification of implementation of the revised Standard, wherever required, may be done during the next visit.
3. If the Licensee fails to complete all actions by **24 Nov 2021** it shall be dealt with as per the prevailing guidelines.

**B. APPLICATIONS FOR GRANT OF LICENCE:**

1. Existing Applications where Sample has been submitted in the Laboratory/Test Report has been issued by the Laboratory may be processed as per the old Standard. However, if the Applicant is desirous of considering the Application as per the revised Standard, a declaration may be obtained from the Applicant to that effect and the Application may be processed accordingly. An undertaking shall from such Applicants also be obtained that in new test requirements, Licence will not be granted by BIS as per the old version.
2. Applications which are recorded henceforth may be processed as per the old Standard or the revised Standard. Processing of Applications as per the old Standard shall be permitted only upto **23 Nov 2021** and for such cases Applicant shall give a declaration that they will implement the revised Standard by **24 Nov 2021**.
3. Beyond **24 Nov 2021** no Licence shall be granted as per the old Standard.

**C. CHANGE IN SCOPE OF LICENCE:**

1. For change in scope of licence, the relevant provisions as given above for Applicants shall apply.
2. However, processing of such applications for change in scope of licence as per the old Standard shall be permitted only upto the date of implementation of the revised Standard or upto **24 Nov 2021** whichever is earlier.
3. The above guidelines come into force with immediate effect.
