Dear Ashish Ji,

Approved. Kindly do the needful.

Regards,

Sanjay

Dear Sir

This has reference to the trailing mail, Document no. MTD 07 (24722) : : Aluminium and aluminium alloy ingots and castings for general engineering purposes.

Minutes of meeting Panel 1 (Copy attached) held on 06 March 2024 is as reproduced below:

" As comments were only for grade addition commonly used by the Indian industries and no request for any other technical change received via comments. Panel 1 recommended that these 15 grades be added in draft standard and sent for publication directly."

Recommendation :

1. As the comments received were only for grade addition(of grades prominently used in Indian market) and no major changes are carried out in the draft and as the Indian Standard IS 617 is under Quality control order issued by Ministry of Mines,the subject needs to taken up on priority .
2. Ministry of mines has also directed BIS for taking up the revision of IS 617 on priority .

Therefore , in view of above it is recommended that updated document : MTD 07 (24722) WC (attached) be forwarded to publication after approval from MTD divisional council chairmen.

Put up for your kind approval please.

Regards
Ashish Wakle

Subject: Document no. MTD 07 (24722) : Aluminium and aluminium alloy ingots and castings for general engineering purposes

Dear all

This has reference to revision of IS 617 : Aluminium and aluminium alloy ingots and castings for general engineering purposes taken up for revision by MTD 7.

Document no. **MTD 07 (24722) WC** with approval of the committee was wide circulated for a period of **30 days** . Last date for comment was 01.03.2024.

Comments received in wide circulation were complied and sent to members of Panel 1 (Primary products). Meeting of Panel 1 for discussion on the comments received was conducted on 06 March 2024.

Panel has recommended to add additional 15 grades in the draft standard in view of the use of these grades by Indian industries for various applications(Pl.see attached excel sheet).

Proposed updated draft with all 15 grades added is attached.

All sectional committee members are requested to kindly go through the proposed updated draft MTD 07 (24722) WC and provide your recommendation latest by **11 March 2024 , 3 PM.**
