To whom it may concern

It gives me immense pleasure to write this certificate in favour of **Mr. Snigdh Raj**, a fourth year B.Tech student in the Department of Computer Science and Engineering at Sikkim Manipal Institute of Technology (SMIT), Sikkim. He was working with me as an intern student with broad topic related to **"Automated Email classification based on predefined categories"** from 2nd January, 2017 to 5th May, 2017. During his internship he has to learn the basic components of Email classification using supervised and unsupervised approach of Machine Learning. Specifically, he has worked towards the implementation of a system which automatically categorizes the emails into predefined categories.

I find him very sincere, hard-working and dedicated in his works. I wish him all success in life.

Thanking You.

Sincerely Yours

(Dr. Sriparna Saha)
