Organic Industries Pvt. Ltd.

Date : 03.08.2024

We, M/S Organic Industries private limited S/163 , GIDC Dahej , Tal: Vagra , Bharuch-392130 Gujarat have been manufacturing Boric Acid according to BIS standard IS 10116: 2015 with CM/L No- 7200155608.

On the Visit of BIS Official to our site regarding Non-Compliance of our product Boric Acid Powder Technical, Batch No: 18F24C.

During this survey BIS officials represented proforma invoice and the complainant test certificate to us.

During verification of the data, we have found that the test certificate and proforma invoice does not belong to organic industries private limited.

To the best of our knowledge, we have not dispatched any material to the concerned client. In the result Column there are figures which cannot be evaluated in the method described in BIS standard. We have attached the original test certificate for your reference.

We always mention Complies in the result column for chloride and sulphate evaluation.

This is simply a failure attempt to defame our brand and our organization by our competitors.

We request BIS to take necessary action against such notorious action.
