

Dear All,

At **Bureau Of Indian Standards** we are earnestly interested in the personal growth of our employees. Therefore, we are in process of exploring the possibility of opening Toastmasters Club in our organization.

By way of a brief introduction, Toastmasters International is a world leader in communication and leadership development. Its membership is 3, 52,000 strong. The members improve their speaking and leadership skills by attending one of the 16,400+ clubs in 141 countries that make up its global network of meeting locations. A Toastmasters meeting is learn-by- doing workshop in which participants hone their speaking and leadership skills in a no-pressure atmosphere. The effectiveness of the Toastmasters ' educational program is evidenced by more than 6,000 organizations that have in-house Toastmasters clubs as communication and leadership training for their employees. From participating in club level contests to representing your District at the annual World Championship of Public Speaking and from being a club officer to becoming an International Director or even the International President of Toastmasters - there are no limits to which you can hone your communication and leadership skills through Toastmasters.

We have scheduled a session on where experienced Toastmasters will conduct a demonstration meeting and answer any queries that you may have regarding Toastmasters. [This is a great opportunity for everyone working for BIS including people working on contractual or daily wage basis. Even friends and relatives of those, who work for BIS can be part of this initiative.](#)

You are cordially invited to be a part of this session. Please confirm your participation ([giving your name, department name, email id](#)) at the earliest by dropping an e-mail to me. This session is being organised [on 13 March 2019 from 15:30 to 17:30 at Cafeteria Hall, BIS, HQ.](#)

Let's start a wonderful journey with a Toastmasters club at "**Bureau of Indian Standards**".
