

Indian Standard
SPECIFICATION FOR
PHENTHOATEGRANULES

O. FOREWORD

0.1 This Indian Standard was adopted by the Indian Standards Institution on 30 August 1982, after the draft finalized by the Pest Control Sectional Committee had been approved by the Agricultural and Food Products Division Council and the Chemical Division Council.

0.2 Phenthoate granules are widely used in the control of agricultural pests.

0.3 Phenthoate granules are generally manufactured to contain 5 percent (*mlm*) of phenthoate.

0.4 In the preparation of this standard due consideration has been given to the provisions of the *Insecticides Act*, 1968 and the Rules framed thereunder. However, this standard is subject to the restrictions imposed under these, wherever applicable.

0.5 This edition 1.1 incorporates Amendment No. 1 (May 1994). Side bar indicates modification of the text as the result of incorporation of the amendment.

0.6 For the purpose of deciding whether a particular requirement of this standard is complied with, the final value, observed or calculated, expressing the result of a test or analysis, shall be rounded off in accordance with IS: 2-1960*. The number of significant places retained in the rounded off value should be the same as that of the specified value in this standard.

1. SCOPE

1.1 This standard prescribes the requirements and the methods of sampling and test for phenthoate granules.
