## *Indian Standard*

# MOTORCYCLES — MEASUREMENT OF MAXIMUM SPEED

### 1 Scope

This International Standard specifies the method of determining the maximum speed of a motorcycle as defined in ISO 3833.

### 2 Normative references

The following standards contain provisions which, through reference in this text, constitute provisions of this International Standard. At the time of publication, the editions indicated were valid. All standards are subject to revision, and parties to agreements based on this International Standard are encouraged to investigate the possibility of applying the most recent editions of the standards indicated below. Members of IEC and ISO maintain registers of currently valid International Standards.
