

Indian Standard
**SPECIFICATION FOR
EDIBLE EGG ALBUMEN POWDER**

0. FOREWORD

0.1 This Indian Standard was adopted by the Indian Standards Institution on 31 December 1982, after the draft finalized by the Meat Industry Sectional Committee had been approved by the Agricultural and Food Products Division Council.

0.2 Egg albumen powder is used in food, pharmaceutical, cosmetic and beverage industries. The powder is prepared only from the white of hen's eggs. This standard has been formulated in order to ensure production of egg albumen powder of right quality.

0.3 In the preparation of this standard, due consideration has been given to the provisions of the *Prevention of Food Adulteration Act, 1954*, and the rules framed thereunder. However, this standard is subject to the restrictions imposed under these, wherever applicable.

0.4 For the purpose of deciding whether a particular requirement of this standard is complied with, the final value, observed or calculated, expressing the result of a test or analysis, shall be rounded off in accordance with IS : 2-1960*. The number of significant places retained in the rounded off value should be the same as that of the specified value in this standard.

1. SCOPE

1.1 This standard prescribes the requirements and the methods of sampling and test for edible egg albumen powder.
