Indian Standard
SPECIFICATION FOR
HANDLE GRIP FOR POWER TILLER

0. FOREWORD

0.1 This Indian Standard was adopted by the Indian Standards Institution on 30 October 1986, after the draft finalized by the Agricultural Tractors and Power Tillers Sectional Committee had been approved by the Agricultural and Food Products Division Council.

0.2 Handle grip of the power tiller is a component which comes in contact with the operator's grip. To facilitate interchangeability of the grip in various makes of the power tiller, this standard has been formulated.

0.3 For the purpose of deciding whether a particular requirement of this standard is complied with, the final value, observed or calculated, expressing the result of a test or analysis, shall be rounded off in accordance with IS : 2-1960*. The number of significant places retained in the rounded off value should be the same as that of the specified value in this standard

1. SCOPE

1.1 This standard specifies material, dimensions and other requirements of handle grip for power tiller.
