Indian Standard

TEA — DETERMINATION OF WATER EXTRACT

(*First Revision*)

1 scope

This International Standard specifies a method for the determination of the water extract from tea.

2 Normative reference

The following standard contains provisions which, through reference in this text, constitute provisions of this International Standard. At the time of publication, the edition indicated was valid. All standards are subject to revision, and parties to agreements based on this International Standard are encouraged to investigate the possibility of applying the most recent edition of the standard indicated below. Members of IEC and ISO maintain registers of currently valid International Standards.

ISO 1573:1980, Tea - *Determination of loss in mass at 103°C*.
