## *Indian Standard*

# **INSULATING POLES (INSULATING STICKS) AND UNIVERSAL TOOL ATTACHMENTS (FITTINGS) FOR LIVE WORKING**

### **1. Scope**

This standard is applicable to insulating poles (insulating sticks) and tool attachments (fittings) and is divided into three chapters.

Chapter I: Specifies the required characteristics for insulating poles with permanently attached fittings and the tests (electrical and mechanical) which shall be satisfied by these tools.

Chapter II: Specifies the required characteristics for parts which may be attached to and detached from the ends of poles described in Chapter I, and the tests which shall be satisfied by these tools

Chapter III: Specifies the special clauses applicable to insulating Poles and universal tool attachments.

The insulating poles mentioned in this standard shall be built with insulating tubes and rods in accordance with IEC Publication 855.
