

Indian Standard

**AUTOMOTIVE VEHICLES — SPEED LIMITATION
DEVICES — SPECIFICATION**

(First Revision)

1 SCOPE

This standard specifies the requirements, methods of test (in the lab as well as on the road as installed on the vehicle) and procedure for type approval for the speed limitation device (SLD) and speed limiting function (SLF). These may be a separate unit to be installed on the vehicle and an add-on or on-board system built in the vehicle.

2 REFERENCES

The following standards contain provisions which through reference in this text, constitute provision of this standard. At the time of publication, the editions indicated were valid. All standards are subject to revision, and parties to agreements based on this standard are encouraged to investigate the possibility of applying the most recent editions of the standard indicated below:
