

Indian Standard

SECURITIES AND RELATED FINANCIAL INSTRUMENTS — CODES FOR EXCHANGES AND MARKET IDENTIFICATION (MIC)

1 Scope

This International Standard provides a uniform structure for exchange and market identification codes (MICs). It is intended for use in any application and communication for identification of primary and secondary markets:

where the financial instrument is listed (places of official listing) and

where the related trade is executed (place of trade).

2 Normative references

The following referenced documents are indispensable for the application of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

ISO 15022-1:1999, *Securities — Scheme for messages (Data Field Dictionary) — Part 1: Data field and message design rules and guidelines*

ISO 15022-2:1999, *Securities — Scheme for messages (Data Field Dictionary) — Part 2: Maintenance of the Data Field Dictionary and Catalogue of Messages*
