

SYNOPSIS OF INDIAN STANDARDS

Title: IS 17532 :2021 ATM Safes – Specification

a) Scope: This standard specifies the physical construction, general requirements and performance criteria for ATM safes.

b) Salient features of content:

Over the last decade, ATMs have witnessed phenomenal growth in India. The burglary attempts on ATMs have also increased over the years. The present scenario demands that the security level of ATMs be enhanced and effectively ensured to provide necessary assurance to the consumers.

The availability of an Indian standard on one of the most important components of an ATM system, namely ATM safes , is a primary requirement towards addressing the problem .

c) Types/grades/classes, if any covered in the standard:

ATM Safes shall be classified according to the following grades:
A, B C & D

d) Disclaimer (to be automatically provided by the program/software)
