*Indian Standard*  
**PIPELINES – IDENTIFICATION – COLOUR  
CODE**

**1 SCOPE**

This Indian standard covers the colour scheme for the identification of the contents of pipelines carrying fluids in domestic and public buildings and such industrial installations where a specific colour code does not exist

**1.1** For the purpose of this standard, piping systems shall include pipes of any kind and in addition fittings, valves, and pipe coverings. Supports, brackets or other accessories are specifically excluded from application of this standard.

**1.2** This standard is not applicable to pipelines buried underground or used for electrical services.

**2 REFERENCES**

**2.1** The following Indian standards are necessary adjuncts to this standard.

<i>IS No.</i>	<i>Title</i>
5 : 1978	Colours for ready mixed paints and enamels ( <i>third revision</i> )
